

## House Passes Eisenhower's Soil Bank Legislation Committee Calls Bridge Commission Expenses 'Phony'

### Cost Of Trip To Phoenix Set At \$4,900

HARRISBURG, May 3 (AP)—A legislative committee investigating the Delaware River Joint Toll Bridge Commission contended today the commission incurred "phony" expenses in its operations.

The committee, headed by Sen. Yosko (D-Northampton) specifically examined an expense account filed by four commission officials on a trip to Phoenix, Ariz.

"That expense account is a phony," Yosko declared at the hearing. "It is not based on fact."

The expense account, recorded by the commission, put the cost at \$4,900 for traveling expenses and other expenses during the five-day trip. Testimony at the hearing developed that exclusive of traveling expenses, the four officials filed expenses for \$2,050.

Meanwhile, Yosko said Rep. Smith, House Republican floor leader, has tried to conjure up false impressions of the purpose of the investigating committee.

Smith said on the floor of the House yesterday that "Sen. Yosko is running his own campaign (for re-election) at the meetings." He made the comment after the House delayed a vote on a requested \$25,000 for committee expenses.

In a statement today, Yosko said he was not a candidate for office. "As usual," Yosko said, "the (Smith) is blowing through the wrong end of his horn."

At today's committee meeting, J. L. Davis, former counsel for the commission, said he didn't know "and at this time I can't guess," how the four men spent the money on the Arizona trip.

Purpose of the trip, Davis told the group, was a meeting between a commission representative and a representative of a construction firm in a contract negotiation.

However, L. A. Porter, Harrisburg engineer, told the group that he was the only one officially designated for the trip, but that Davis, W. H. Wilson, former commission chief engineer, and Alexander Miller, former chairman of the commission, went along in an "advisory" capacity.

During their stay in Phoenix, the four men took a side trip to Las Vegas, Nev., at commission expense, the committee said.

"There was no commission business done by the group in Las Vegas," Davis testified.

When asked by the committee what the group did in Las Vegas, Davis replied: "We walked around."

He said he, personally, "did not gamble my money or the money of the commission—with the exception of a nickel in a slot machine."

Yosko asked Davis if he incurred expenses of \$576, not counting transportation, during his five-day visit in the west. That figure was on the expense invoice filed by Davis.

"On that score I'm not called on to render a snap judgment," said Davis.

He said that when he filed the invoice "it was my opinion it represented a one quarter share of the expenses of the trip."

"I would not have signed it otherwise," he added.

Porter told the committee the place the group stayed in Phoenix "was not a lush hotel. It's a motel."

Porter said the cost of a single room at the motel was \$24 a day, including meals.

In other testimony Porter told the committee he was paid \$625 for going to Arizona in a professional capacity.

**Receives Bill For Water He Didn't Use**

CLEVELAND, May 3 (AP)—At last, a man who should be able to beat City Hall.

He's Charles Hlavac, a 25-year-old dishwasher who got a bill for \$171 for 78,000 cubic feet of city water.

"I'm just waiting," Hlavac told a reporter today, "for some water guy to come out to see why I don't pay the bill. I've got my own well. Don't even use city water."

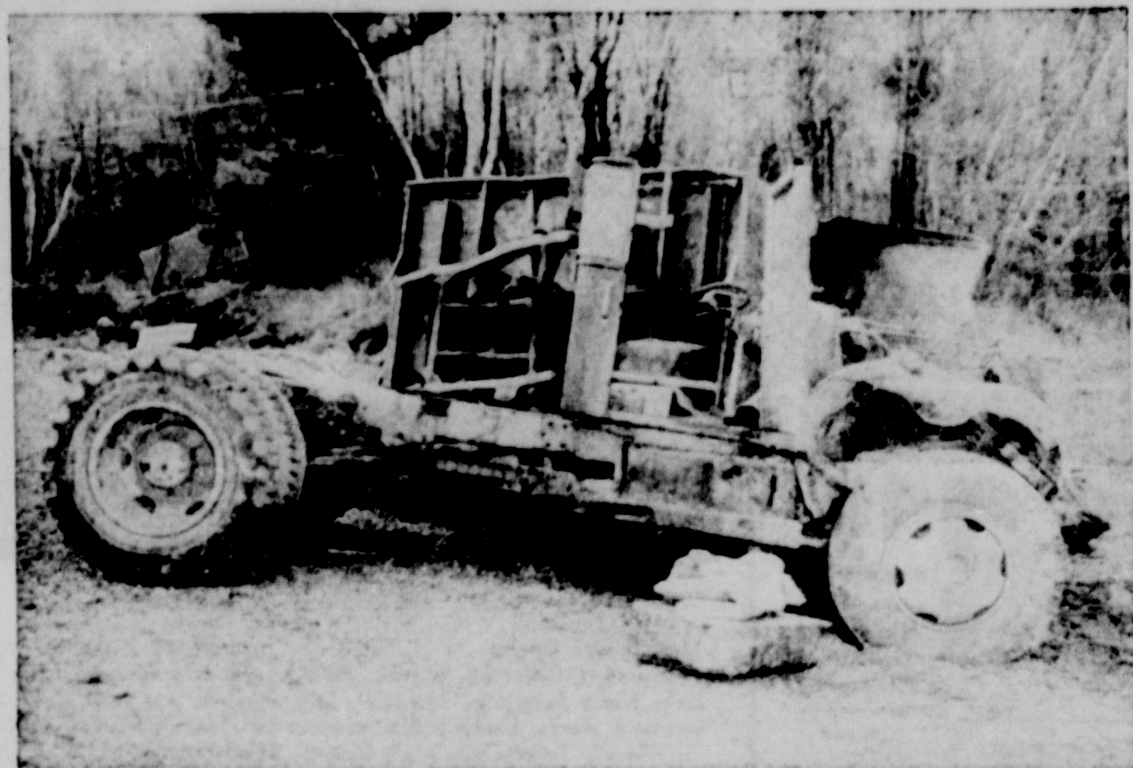

**Well Dug**

Hlavac said he and his wife had the well dug before they moved in to the house in Seven Hills in 1950.

"The bill says I have been using city water since 1951," he said.

"This street didn't get a water main until 1953, and I don't even have a line into my house."

"I'm kind of hoping," he mused, "that I'll be out sprinkling the garden when the city guy comes."

### Rioting Rages In Morocco

MARRAKECH, Morocco, May 3 (AP)—Moroccan mobs raged through the city again today settling old scores in an orgy of massacre and pillage.

Most of the fury was aimed at supporters of a former sultan who sided with the French. But authorities said some private grudges were settled under the veil of general violence.

At least 33 Moroccans have been killed in two days of violence. Some were burned alive. Fifteen others have been seriously injured. Thirty homes or stores were burned.

The new government of Sultan Mohammed ben Youssef ordered its security forces to fire on further mob violence. French Foreign Legion troops were brought in from Fez to help garrison the city.

Mobs paraded through the streets dragging battered corpses or exhibiting them in wheelbarrows before order was restored at midday.

The victims were supporters of the former pasha (governor) of Marrakech, Thami el Glaoui. He died of cancer last year.

Many Moroccans never forgave him for supporting the French in 1953 when they exiled Ben Youssef to Corsica and, later, Madagascar.

With Glaoui's help, the French put aging Mohammed Ben Moulay Arfa on the throne. He is an uncle of Ben Youssef.

The French, under mounting nationalist pressure, were forced to bring back Ben Youssef last October. This spring he won recognition of independence from France and Spain.

The violence came as the government of the former French protectorate is in transition. Moroccans only last week obtained control of city police.

French authorities said the rioting was a "revenge of the masses," a settling of accounts.

A former bodyguard of Glaoui, named El Mansour, was killed by a hand grenade blast. He was seized still living, put in a wheelbarrow, and paraded through the streets.

The mob tried to get close enough to beat him. Finally his body was saturated with gasoline and burned.

Most of the violence was confined to the Medina, the old city. But many fine homes of Glaoui's supporters were burned in other parts of Marrakech.

Authorities said in the excitement of the mob many other accounts were settled by individuals and there was considerable looting.

The crowds ignored pleas last night by the governor of Marrakech, Si el Mehdi Essakali. He went with a guard to the native quarter and attempted to speak. He was shouted down.

**Watts Indicted By Federal Jury**

SCRANTON, May 3 (AP)—John A. Watts, 21 Williamsport was indicted today by a federal grand jury for robbery of \$64,118 from the Williamsport National Bank on April 12.

The presentment, returned to Federal Judge John W. Murphy, also indicted Watts for threatening the life of Lucille Fowler, bank employee, through use of a dangerous weapon.

### Trucker Seriously Injured In Accident On Route 196

MOUNT POCONO — A 40-year-old Dunmore truck driver nearly lost his life early yesterday morning in a two-truck crash at Blackwell's Corner on Route 196 in Paradise Township two miles south of here.

State police said Joseph Simone's truck was rammed off the highway by a second truck which had lost its brakes on a downhill grade. Simone's truck rolled and tumbled 75 feet after leaving the highway, police said.

Simone was reported in "critical" condition last night at General Hospital of Monroe County. He had a possible fractured skull, deep facial cuts and possible internal injuries.

Mount Pocono State police said the accident occurred at 8 a.m. Simone was driving his truck south on Route 196 ahead of a second truck driven by James Martarano, 51, also of Dunmore. Both trucks were loaded with about 10 tons of crushed stone; both trucks were owned by Martarano Trucking in Dunmore.

On a steep grade from the railway overpass to Blackwell's, Martarano's truck apparently lost its brakes, police said. The truck ran out of control, smashed into the rear of Simone's vehicle. Both trucks ran off the highway, Simone turning end over end and Martarano's rolling sideways.

Estimated damage to both trucks will be about \$7,000, police said. Martarano was only slightly injured in the crash. He was treated at the scene by a Mount Pocono doctor. Simone was taken to the hospital by the hospital ambulance.

### Appropriations Group Votes Over \$33 Billion For Defense

WASHINGTON, May 3 (AP)—The House Appropriations Committee voted today to give \$33,635,000 in new money to the Defense Department for the year beginning July 1.

It said the military emphasis for the new fiscal year will be on airpower and new weapons to be brought forward "at an increasing rate."

The total recommended is \$1,741,832,374 more than Congress appropriated for the fiscal year ending this June 30.

However, it is \$512,784,000 less than President Eisenhower asked in his budget last January and in a supplemental request last month. The committee said more than half of this reduction was simply on "paper" and would not affect actual military programs.

**Adequate**  
"Barring unforeseen developments, the amount appropriated is generally adequate to fully implement our projected military requirements," the committee said, "and will enable the (Defense) Department to give the country an increasingly strong and well-balanced force."

Counting carryover funds, the department would have \$16,233,000,000 during the new fiscal year. The House is to consider the new defense bill next week; the Senate sometime later.

Military manpower was estimated at 2,865,000 at the end of the new fiscal year, as compared with 2,820,100 next June 30.

The committee earmarked \$1,647,000,000 of the new funds for research and development, saying a comprehensive plan of scientific work is needed to prevent Russia from overcoming "our present marginal superiority" in development of advanced weapons and equipment.

At another point, the committee said that unless America steps up its warplane production, Russia probably will equal the United States' offensive airpower capability within a few years.

In approving the House-passed proposal, the Senate Appropriations Committee changed the figure to add some \$330,000.

**Town Manager Measure**  
HARRISBURG, May 3 (AP)—The Senate today approved a House-passed measure authorizing the appointment of a town manager in Bloomsburg. The measure was sent to the governor.

**Construction For Training**  
WASHINGTON, May 3 (AP)—The House Appropriations Committee today approved construction of Army reserve training facilities to accommodate a total of 4,300 men in 21 Pennsylvania cities at a total cost of \$2,166,000.

IN DEATH RACE OFF HIGHWAY was this truck operated by James Martarano, also of Dunmore. Police said Martarano was only injured slightly; Simone was still in "critical" condition last night at General Hospital. Both trucks were loaded with crushed rock. (Staff Photo by MacLeod)

### Hammaraskjold Wins Three Agreements

UNITED NATIONS, N. Y., May 3 (AP)—Dag Hammarskjold came up today with three more Palestine cease-fire agreements. Aimed to muzzle the guns on both sides of the frontiers, they were reached by Israel and three of her Arab neighbors — Syria, Jordan and Lebanon.

The U.N. secretary general, who broke the ice with an Egyptian-Israeli cease-fire pact in the Gaza area effective April 18, announced these results of his five-weeks old Middle East peace mission in a preliminary report from Jerusalem to the Security Council.

Heading home now by way of Cairo and Rome, he said the agreements were unconditional, with a reservation as to self-defense. The right of self-defense is held by all nations under the U.N. Charter.

**Intention**  
The new agreements are intended to reinforce cease-fire pledges made by Israel and her Arab neighbors in the armistice agreements that ended the Palestine war of 1948.

Hammarskjold told the Security Council conditions in the Gaza area, long a center of bloodshed and tension, have "considerably improved as a result of strict orders" issued by the Israeli and Egyptian governments.

"Negotiations for similar reciprocal assurances unconditionally to observe a cease-fire, with a reservation as to self-defense, have been conducted with the parties to the other three armistice agreements," he said. "The negotiations have in all cases been concluded with positive results."

"The cease-fire I have aimed at under my mandate from the Security Council is one governed by a reaffirmation by the governments, given to the United Nations, to comply unconditionally with the fundamental clause of the various armistice agreements and establish anew the legal situation on which the armistice regime as to be founded."

He will make a full report to the Council at a meeting expected to be called by Council President Joze Bijelj of Yugoslavia late next week. But Hammarskjold is expected to hurry back to the area to keep on negotiating for complete compliance with the 1949 armistices that brought uneasy peace to the area.

**Drainage Program Bill**  
HARRISBURG, May 3 (AP)—The Senate Appropriations Committee today approved a bill allocating \$50,000 for the administration of a federal-state mine drainage program.

The tax had been 15 per cent but will now be cut back to 2 per cent. There was no estimate of how revenue will be lost by the change.

**Leader Signs Reduction For Inheritance Tax**  
HARRISBURG, May 3 (AP)—Gov. Leader today signed into law a reduction in inheritance taxes on legally adopted children.

**Construction Work Halted For Third Day At New Ronson Plant In Delaware Water Gap**

CONSTRUCTION work at the new million dollar Ronson Corp. of Pennsylvania plant in Water Gap was stopped for the third straight day yesterday.

A picket placed in front of the plant was still on the job. Construction workers and other union labor refused to cross the line.

Ronson, as an industry, is not involved in the stoppage in any way. The picketing is directed against Lehigh Valley Contractors Association by Local 1174, AFL Laborers Union.

The local is asking a 30-cent hourly wage hike from the contractors. But no results were announced from negotiations and no one could say exactly whether talks had been held.

Robert Hilbert, Allentown, business agent for the union said last night there was "nothing new" in the situation and declined to comment further.

The picket was first placed on the job at 7:15 a.m. Tuesday. A man with a sign — which reads

### Truman, Statesmen, Servants Attend Funeral For Barkley

PADUCAH, Ky., May 3 (AP)—U.S. Sen. Alben W. Barkley, Kentucky's elder statesman with the common touch, was buried in his hometown Thursday with a former U.S. President, statesmen and his Negro servants gathered at graveside to pay their final respects.

Fifteen hundred friends filled the Broadway Methodist church with thousands others ringing the outside during the 25-minute service. It was a simple service. At the request of Mrs. Barkley, the Rev. William Evans, pastor of the church, did not deliver a planned eulogy.

The Rev. Evans said: "We thank thee for him who loved mankind . . . for his loyalty and friendship, his service to country . . . who could walk with kings and not lose the common touch."

Former President Harry S. Truman was among the thousands who filed past the huge bronze casket at the Harris funeral home for an hour and 20 minutes before the funeral began.

**Heart Attack**  
Barkley, a vice president during the Truman administration and a government official for a half century died Monday of a heart attack at Lexington, Va., while delivering a speech. He was 78 years old.

Among the hundreds gathered in the church were three of the most prominently mentioned men for the Democratic nomination for president — Adlai Stevenson, Sen. Estes Kefauver (D-Tenn.) and Gov. Averell Harriman of New York.

Stevenson and Kefauver sat at opposite ends of the same pew. In the church, Negro servants from Barkley's home, "Angles," sat in the front row.

Mrs. Barkley and Barkley's son, David Barkley, and two daughters, Mrs. Weldon Behrend and Mrs. Max Pruitt, both of Washington, sat near the front.

Gov. A. B. Chandler of Kentucky sat with Truman. Other Washington officials included U.S. Sens. Wayne Morse of Oregon, Earle Clements of Kentucky, and Stuart Symington of Missouri.

President Eisenhower sent one of two beautiful flower crosses that flanked the casket during the church service.

### Votes Down Request For Advancement

WASHINGTON, May 3 (AP)—The House passed a new farm bill today, approving President Eisenhower's soil bank program but denying him authority to advance farmers 500 million dollars in soil bank benefits this year.

Democrats denounced the advance payments plan as an attempt to buy farm votes in the November election. In the major test of the day, they defeated a pre-payments amendment 181-157 on almost a straight party line vote.

The roll call vote on passage of the bill was 314-78. The bill now goes to the Senate.

**Elements**  
There were many elements of victory for the Eisenhower administration in the new legislation.

It would give the President the soil bank he asked for, even though it may not be in full operation until next year. It would also give the farmers a wide range of other non-controversial benefits in an election year.

And it does not call for a return to high, rigid price supports at 90 per cent of parity, one of the reasons why Eisenhower vetoed the first general farm bill April 16.

Republicans failed to defeat an amendment by Rep. Albert (D-Okl.) adding grazing lands to the soil bank program and making grazers eligible for 30 million dollars in benefits. The roll call vote on this issue was 199-135.

The administration opposes the addition of grazing land to the soil bank, arguing, for one thing, that it would be difficult to enforce compliance. Some House Republicans called it a "handout" to cattlemen.

A last minute GOP attempt to send the bill back to the Agriculture Committee was defeated 211-184 on another roll call vote.

Republicans and Democrats came to terms on a policy for corn and feed grains, however.

**Guarantee**  
The bill was amended to guarantee corn farmers in commercial growing areas price supports of \$1.25 a bushel if they put a percentage of their land in the soil bank.

This is in line with administration policy announced several weeks ago.

Without the amendment, the bill would have nullified the administrative action by requiring corn farmers to comply with acreage allotments before receiving government benefits. The President has placed the support level at \$1.50 a bushel for farmers who comply with allotments.

But farmers in the soil bank, a plan to reduce surpluses by withdrawing cropland from production.

Democrats accepted a support level of 82½ per cent of parity for noncommercial corn—that grown for feed—in return for GOP acceptance of feed grain supports pegged at five percent above the level for commercial corn.

**Chotiner Reports White House Help**

WASHINGTON, May 3 (AP)—Murray M. Chotiner, who was vice President Nixon's 1952 campaign manager, testified today he got help from the White House in connection with some private law cases.

He said the help amounted to calls put in at his request by two aides to President Eisenhower, Maxwell Rabb and Charles F. Willis Jr., to check on the status of some pending cases, or to arrange for Chotiner to see government officials.

There was no influence-swinging, Chotiner told the Senate Investigations subcommittee. He testified he never tried to make use of his connections with Nixon or anyone else in the government.

**Questioned**  
James C. Hagerty, Eisenhower's press secretary, was asked by reporters whether he felt there was anything improper about Chotiner getting in touch with Rabb and Willis.

"Not the slightest," Hagerty replied.

Hagerty said he had checked with Rabb, who is Eisenhower's adviser on minority problems, and Willis, who formerly dealt in job patronage matters and now is with the W. R. Grace Co. in New York.

## Middle East Still Uncertain

By J. M. ROBERTS  
Associated Press News Analyst  
THE success of Dag Hammarskjöld's mission to the Middle East to date depends on whether the agreements he obtained actually stop organized fighting along the demarcation line between Israel and the Arab states.

Success for the future depends on whether this stoppage of the shooting, if it actually occurs, will create an atmosphere in which more fundamental settlements can be approached.

Hammarskjöld mentions the next step as an effort to attain observance of other sections of the original truce.

Chief of them, touched by the

current cease-fire agreement, provided that neither side should seek military or political advantage during negotiation of peace treaties. This has been violated in every direction.

Negotiation on fundamental problems was not a part of Hammarskjöld's mission, and there is no indication that they are or will soon become negotiable. These are the disposition of Arab refugees from Palestine and Jewish immigration.

There are about a million Arabs in camps around the Israeli border whom the Arab states will not absorb because they nurture the seeds of hatred by which the idea of reconquest can be kept alive.

There is the Arab fear that unlimited immigration into Israel accompanying industrial development will eventually produce the same pressures for conquest as were produced in Germany years ago.

The current cease-fire agreement does nothing to lessen the seriousness of these problems. It was produced by realization on both sides that the world would not permit them to fight at this time, and the fact that Egypt was

not ready. Whatever their motives, the Russians probably are responsible for a good bit of this realization. When the Communists agreed to supply arms, the Egyptians started to act more boldly. When Russia said she would go along with the United Nations in trying to avoid war, and when she said she would enter into an agreement with other nations for a ban on arms shipments to the Middle East, the situation changed.

## Barrett High School's Commencement To Be Dominated By All-Girl Cast At Buck Hill

CANADENSIS.—Barrett Township High School's senior class will be represented by an all-girl cast at this year's commencement exercises. According to George W. Webb, supervising principal, the honor students among the seniors are Eileen Mae Henry, Nancy Jane Siglin and Sandra Mae Smith. Eileen is 17 and the daughter of Mr. and Mrs. S. Newkirk Henry, of Paradise Valley. During her high school career Eileen has been president of Tri-Hi-Y, and secretary of the Health and Safety Club, vice president of her class, two-time spelling champion of her class, a member of the Future Homemakers of America, and a member of the school chorus. She is co-editor of the yearbook, president of the local chapter of Allied Youth, an active member of the Barrett Ambulance Corps, and was honored recently as International Teen of the Month by Allied Youth. Miss Henry will attend the Abington Memorial Hospital School of Nursing, Abington, Pa., following graduation.

Nancy is 17 and the daughter of Mr. and Mrs. J. Reed Siglin of Laurel Pine Road, Mountainhome. Among her high school activities are the following: School band for six years, mixed chorus for three years, accompanist for girls chorus, Health and Safety Club,

secretary of the senior class, active in forensics, spelling champion of her class for one year, and business manager of the yearbook. Nancy was the recipient of the first Service Award in 1955, which is given to the junior or senior who has done most for Barrett High School. She is an active member of the Barrett Ambulance Corps and plans to enter Albright College in September.

Sandra Smith is 18, the daughter of Mr. and Mrs. Bruce Rosengrant, of Paradise Valley. She is president of the Health and Safety Club, vice president of the Chess Club, and a member of the yearbook staff. Sandra was president of her class during her junior year, has been vice president of the local Allied Youth Post and is now program chairman, has been secretary and vice chairman of the Student Council, and has been president and chaplain of the Tri-Hi-Y. She will enter Lankenau Hospital School of Nursing in the fall.

All three of the honor students will take part in the commencement exercises at the Inn at Buck Hill Falls on Tuesday, June 12 at 8:15 p. m. D. Raymond Sollenberger, supervising principal of Williamsburg Community Schools, Williamsburg, will be the main speaker.

## Boy Scouts Evaluate Activities

THE ANNUAL charter review of Boy Scout Troop 97 was held Tuesday night at Grace Lutheran Church. The review is held each year to evaluate the year's activities and study plans for future projects.

According to Francis B. McGarry, chairman of organization and extension for the Boy Scouts Pocono District, Troop 97 had 41 Scouts who advanced at least one rank. An important factor in stimulating this advancement was the six boards of review and six courts of honor held by the troop committee, McGarry said.

**Camping**—McGarry noted that 31 Scouts have completed 10 or more days and nights of camping; a number of conservation projects were completed, including the planting of 2,000 trees and the troop worked on many service projects during the year, including civil defense, flood relief and church "good deeds".

Herman Meinert is Scoutmaster; William J. Palmer Jr., is the institutional representative. Members of the troop committee are Stanley R. Melvin, chairman; Roy, William F. Wunder, Clarence H. Strunk, Glenn A. Reish, David L. Miller, Raymond Pootstra, John H. Kunkle, James Brimer and David Bernbaum. The charter will be officially presented early in June.

## Middle East Still Uncertain

By J. M. ROBERTS

Associated Press News Analyst  
THE success of Dag Hammarskjöld's mission to the Middle East to date depends on whether the agreements he obtained actually stop organized fighting along the demarcation line between Israel and the Arab states.

Success for the future depends on whether this stoppage of the shooting, if it actually occurs, will create an atmosphere in which more fundamental settlements can be approached.

Hammarskjöld mentions the next step as an effort to attain observance of other sections of the original truce.

Chief of them, touched by the

current cease-fire agreement, provided that neither side should seek military or political advantage during negotiation of peace treaties. This has been violated in every direction.

Negotiation on fundamental problems was not a part of Hammarskjöld's mission, and there is no indication that they are or will soon become negotiable. These are the disposition of Arab refugees from Palestine and Jewish immigration.

There are about a million Arabs in camps around the Israeli border whom the Arab states will not absorb because they nurture the seeds of hatred by which the idea of reconquest can be kept alive.

There is the Arab fear that unlimited immigration into Israel accompanying industrial development will eventually produce the same pressures for conquest as were produced in Germany years ago.

The current cease-fire agreement does nothing to lessen the seriousness of these problems. It was produced by realization on both sides that the world would not permit them to fight at this time, and the fact that Egypt was

not ready. Whatever their motives, the Russians probably are responsible for a good bit of this realization. When the Communists agreed to supply arms, the Egyptians started to act more boldly. When Russia said she would go along with the United Nations in trying to avoid war, and when she said she would enter into an agreement with other nations for a ban on arms shipments to the Middle East, the situation changed.

## Burgess Hal H. Harris In Center Of Two Municipal Controversies

Stroudsburg would certainly be a much duller community than it is if it weren't for its chief burgess, Hal H. Harris, who is usually in the center of any controversy affecting an important phase of borough affairs.

Two matters in which he was a chief figure made news headlines yesterday.

The dispute involving the largest number of people concerns Borough Council's unanimously approved resolution recommending that the Municipal Authority purchase the Monroe County Water Supply Co. for \$663,560, and float a \$760,000 bond issue to finance the transaction.

Council based its judgment on the advice of Albright and Friel, consulting engineers for such large organizations as the Army Engineers Corps and Inceel as well as a number of large municipal authorities. It also had the advice of the law firm of Morgan, Lewis & Beckius, bond counsel for many municipalities and authorities, backed by the legal knowledge of its own veteran solicitor, George T. Robinson.

Burgess Harris vetoed the resolution, which was assented at council's April meeting, and council retorted by passing it—again unanimously—over the veto at the May meeting Wednesday night.

The chief burgess offered three reasons for his veto. He said he refused "to be a party in the squandering of public funds for a worthless piece of paper," said council's action is "against the public interest" and added it's a "diservice" to the taxpayers.

The burgess does not oppose acquisition of the water company, but does object to the amount being paid for it. Council and

the authority feel they are acting in the best interests of the community in buying the water company at a price its consultants feel is fair.

The two sides are far apart in their opinions. Both have expressed these opinions through channels set up by law, which is as it should be. Only time will tell which party is closer to being correct in its appraisal.

In the other matter, Burgess Harris was named in a complaint in equity filed in county court by counsel for William Tarr, a trucking business operator. Tarr petitioned the court to enjoin Burgess Harris from diverting commercial motor vehicles off Route 611 and 209 in the borough.

Residents of Ann St. became aroused when the heavy trucks and buses started using that borough-maintained street last Feb. 1. Later, a petition bearing the names of 100 people living along Ann St. was submitted to Borough Council calling attention to the damage they said was done to their properties by the vibration caused by the heavy vehicles.

Council referred the protest to Burgess Harris, but has not been able to effect a solution. The arrest of trucks employed by two firms for refusing to heed a police officer's signal to use the Ann St. bypass took place last month. They contended no emergency existed and further charged the burgess was acting improperly in prohibiting trucks from using the two highways without consent of state highway officials.

Tarr has now taken the matter to court. It should be fully aired and all parties to the dispute should have the opportunity to present their views. It is important to everyone involved that the issues be settled at the earliest possible date.

## Nation Has Lost Sparkling Figure In Death Of Sen. Alben W. Barkley

In the death of Sen. Alben W. Barkley, the national limelight has lost one of its most engaging and sparkling figures.

For an unusually long political lifetime, he was a professional in the purest sense. He was charming. He was folksy. He was affable. He was a vote-getter.

Out of these qualities, he constructed a remarkable career. Fifteen times he ran for public office, and 14 times he was elected. Only in 1923, when he ran for governor in Kentucky, did he lose—and that time his platform offended a combination he couldn't beat in that state.

But the next year Mr. Barkley changed his ways and was elected to the United

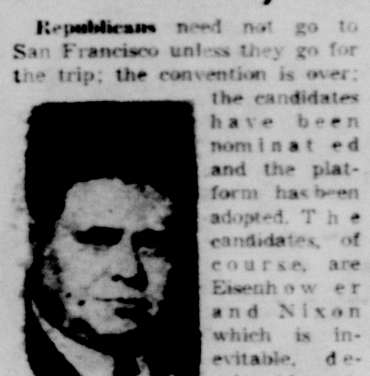

States Senate. At his death he was in his fifth term—with four years out as Vice President.

And it was as "Veep" that Mr. Barkley achieved his true niche. The job was tailor-made for him. In this spot his gift of oratory, his great influence among Senators and his robust energy rewarded him with an immense popularity.

He was the old warhorse, the symbol of party regularity, a leading and delightful exponent of rancorless partisan ship. He lived a full and by no measure insignificant career—and lived it to the hilt. He shirked no assignment, pleasant or unpleasant, and by the standards he set for himself he was a master in his field.

## Eisenhower, Nixon Assured Nominations; Each Party Faces Farm Segregation Issues

Republicans need not go to San Francisco unless they go for the trip; the convention is over; the candidates have been nominated and the platform has been adopted. The candidates, of course, are Eisenhower and Nixon which is inevitable, despite the attempts of some of the aspirants to the Presidency to get the Vice Presidency for themselves, which failed because most organization Republicans, that is those who vote for delegates to the convention, favor Nixon.

As for the platform, it has something to do with moderation which is also the platform of Adlai Stevenson. Moderation is the opposite of a positive position. It is somewhere in between the middle-of-the-road and no road at all. If Stevenson should run against Eisenhower, both parties will more or less have the same platform and it will be a genteel acceptance of the perfection of one step beyond the status quo, without stating the direction of the one step.

It will be a popularity contest, if Eisenhower and Stevenson are the candidates. If either Kefauver or Harriman should be the Democratic candidate, then we face an attack on both Eisenhower and Nixon. Neither Kefauver nor Harriman is as polite as Stevenson who looked so unorganized with a Tampa cigar in his face. Kefauver and Harriman can be very rough and some Democrats believe that the Re-

publicans are fairly vulnerable. But both parties also recognize that their major headache is the Northern Negro vote. Neither party can hold both the Northern Negro vote and the Southern white vote as things stand now. The question, of course, is whether the Negro problem will become intensified by next November, or whether, as Carmine DeSapio generally says, reasonable men will be able to resolve their differences.

The trouble with Carmine DeSapio's position is that on emotional intense problems, few men are reasonable. Also some differences can never be resolved and have been human problems for thousands of years. One such problem is racial discrimination, or to put it more correctly, the assumption of superiority by the minority which is in actual control of a society. If we assume that we have, in the Twentieth Century, achieved a moral stature which is more just than in the Nineteenth or Eighteenth Centuries, there is little or nothing to maintain such a position.

If anything, Marxism has produced a reversion to materialism and a newer and wicker type of colonialism. Whereas the Russians do not overtly practice racial superiority, they do take steps to obliterate differences and distinctions which may be traditional among peoples and which may arise out of such emotionally tender relationships as religion.

If the Republicans or the Democrats believe that they can solve the Negro problem by November by asking men to be reasonable, they are risking a real split over this issue.

Both parties face the same difficulties with what we call the farm problem, which is really an important phase of our labor problem and of the de-urbanization problem, both of which involve serious population shifts that could change the political map if not in 1956, surely by 1960. What the so-called rigid farm support has done has been to make speculation in farm products an excellent investment for big money people, because the price of the product and its sale have been guaranteed by the government of the United States.

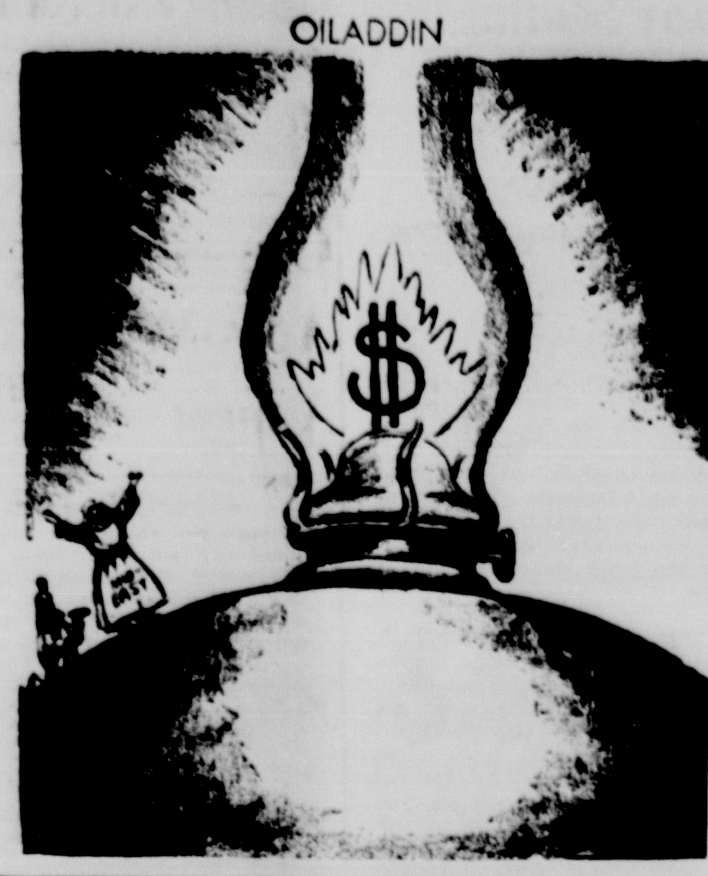

Thus important capital has gone into farming on a large scale with the profits ascertainable in advance by an accountant no matter what a competitive market showed. Many oil speculators also own cattle ranches and the latter is a less risky investment than the former.

But the sentiment of the country is for family farms. The American people are not yet fully conscious of the trend toward privately-owned collectives, although opposition to the big farm is beginning to appear. At any rate, the family-owned farm, small as it may be compared to the corporate collective with its increasing political power, is gaining strength through various farm organizations. This complex of farm problems is hardly understandable to city folks whose only interest now is to seek property marked-downs so that prosperity is in some way related to the pocket-book. And the politician faces the farm problem scared because he sees city voters moving into the suburbs where a tulip grows out of the ground instead of being bought in a store.

## Foreign Languages Are Important And Also Fun

"No speak da English?" Some of us speak the King's English none too well ourselves, but we make ourselves understood well enough provided the tongue-wagging progresses in our brand. French or Spanish? German? Italian? Uh, you see—we are uh, Americans—and there were a few courses of French sprinkled among the credits for high school or college. But why waste all that time learning to talk it? Him? Even if we should be lucky enough to travel abroad some day, they have guides and interpreters whose job it is to penetrate our linguistic fog.

One of the keenest regrets later on is that our early opportunities to master fluent French or Spanish were ignored. The crutch used most frequently is: "But people can't learn to speak a language in the classroom!" Which is strictly eye-wash. A language can be learned anywhere, provided one wants to learn it.

Students are still dragging their feet through conjugations and declensions just as they always did. Accents are self-conscious because we are so determinedly American in inflection. And in most cases our knowledge of foreign tongues consists of translation of printed matter, not conversation.

It doesn't be so. Colleges began 20 years of teaching languages via recording the voice of the student. Now many schools have soundproof laboratories in which tape recording, record players, microphones make "Ouvrez la porte" sound like the real McCoy. Students study informally in small groups, speaking only the language studied without lapsing into English even for "Did I flunk?"

It is no news that the world grows smaller by the minute. As it diminishes, the need for fluency in languages increases—not for others, but for ourselves. Our verbal horizons must be widened so that every youngster accepts the bilingual idea as a minimum. As the world shrinks, job opportunities abroad stretch forth endlessly. More young men will be going abroad for employment in industry and government. Our young women will go along as wives or with jobs of their own. And the ablest Americans who represent us on foreign shores today are those who speak French, preferably—as well as the tongue native to the country where they reside.

Look, kids—you have this chance. Don't miss it. Those of us who did have spent years kicking ourselves because we failed to understand how important—and how much fun—languages are. Even now it isn't too late. Howdy, M. du Bois—ouvrez the door and signez me up for those 10 easy lessons.

## Ike's Foreign Aid Request Faces Two Billion Slash

Washington, May 3 — That disconcerting news President Eisenhower got, at his conference with the foreign aid leaders of Congress, comes to around \$2,000,000,000.

That's the amount Senator George, Ga., and Rep. James Richards, S. C., estimate is likely to be lopped off the \$1,900,000,000 foreign aid budget the President is vigorously advocating.

Senator George expressed the opinion that the budget his Foreign Relations Committee will probably approve will approximate the \$2,700,000,000 voted for this year. Representative Richards put a \$3,000,000,000 ceiling on the total his House Committee is most apt to authorize.

None of the legislative chiefs thought the President has much chance of getting the \$1,900,000,000 he is urging.

Two main reasons for that stressed by George and Richards are:

On June 30, end of the current fiscal year, there will be a huge accumulation of more than \$1,700,000,000 in military aid funds voted by previous Congresses but which are still unspent.

Strong opposition "in and out of Congress" to costly economic aid projects, such as Egypt's giant Aswan Dam, which will eventually increase the competition to U. S. sales in world markets.

"There is no use appropriating more money than can be spent," said Richards bluntly. "But people can't learn to speak a language in the classroom!" Which is strictly eye-wash. A language can be learned anywhere, provided one wants to learn it.

As a graphic example of this, Richards cited statements made to his committee by Pentagon authorities that military aid expenditures for this fiscal year will be less than the \$2,400,000,000 spent last year.

"Deputy Assistant Defense Secretary E. Perkins McGuire informed us," Richards told the President, "that on June 30 there will be on hand more than \$1,700,000,000 in unexpended military aid funds. At the rate this money is being spent, that backlog is enough to take care of these requirements for the next two years."

Heartily supporting this view, Senator George said it is doubtful that Congress will approve the \$3,000,000,000 for military aid proposed by the President.

"That's a tremendous increase over the \$1,200,000,000 voted last year," said George. "I'm in complete agreement with Chairman Richards that it will be extremely difficult to convince Congress this much additional money is necessary."

The President singled out as particularly urgent the \$530,000,000 he is seeking to provide our NATO allies with latest-type planes, tanks, guns and other weapons. He warned that failure to supply the NATO powers with such arms would seriously undermine the effectiveness of the alliance.

George and Richards expressed

confidence that Congress will approve this item.

Note: One big economic aid project in the Middle East is being quietly shelved. It's the Karaja Dam in Iran, on which \$2,415,000 has been spent for machinery and other equipment. Iran has been informed that further financing for this dam should be in the form of loans from the Export-Import Bank. This unpublished decision is contained in a memorandum by Foreign Aid Administrator John Hollister, reading in part: "The U. S. has withdrawn from further participation in the Karaja Dam project. . . . No further funds have been provided for this purpose in the new budget."

Big Difference — Adlai Stevenson has at least one testimonial that he isn't talking over people's heads.

The story of this comforting experience, as related by Representative Sidney R. Yates (D., Ill.), a warm Stevenson supporter, is as follows:

Riding in a cab to an airport, Stevenson got into conversation with the driver who had recognized him and expressed interest in his presidential campaign. The former Illinois Governor asked the taxi-man's opinion of it.

"Some people tell me I'm inclined to talk over the head of the average person," said Stevenson. "What do you think?"

"Personally, I have no trouble understanding you," replied the driver. "I get it all right, but I'm not so sure about the average person."

Still Buddies — Russia and Red China are still close allies.

There is no evidence of a rift between them. The two great Communist powers are collaborating harmoniously and constantly.

That's what Assistant Secretary of State Walter Robertson told a group of congressional leaders who questioned him about reports of a split between the Soviet and Red China. The chief of the State Department's Far Eastern desk shook his head.

"What is the evidence of estrangement between Moscow and Peking?" asked Representative Walter Judd (R., Minn.). "Has suspicion, fear, jealousy arisen yet?"

"There is not the slightest evidence of any friction so far," replied Robertson. "They seem to be one of the smoothest-working teams in the world. In fact, we wish we could get the same measure of cooperation out of the free world that the Communists seem to be able to get out of theirs. The Communist regime in Russia and the Communist regime in China are working hand-in-glove at home and abroad. I wish we could honestly say they aren't, but we can't."

## Greene-Dreher Students To Attend Citizenship Camps

**NEWFOUNDLAND**—Two area young people have been selected to attend Summer citizenship training camps conducted by the Pennsylvania Department of the American Legion.

Announcement has been made by Phillips-Zacharias-Phillips Post No. 859, American Legion, of the appointment of Leonard W. Gilpin, a junior at Greene-Dreher-Sterling High School, to represent the Post at Keystone Boys' State at Lock Haven State Teachers College in July.

Emogene Schoenagel, also a member of the class of 1957 at the local school, has been selected as the Unit No. 859, American Legion Auxiliary, delegate to Keystone Girls' Camp to be conducted at Shippensburg State Teachers College during the month of June.

**Government**  
At both camps, the young people will study government and the conduct of political campaigns in an effort to train them as future good citizens. Both sessions are two days in length.

Gilpin is the son of Mr. and Mrs. L. Webster Gilpin, Angels, and Miss Schoenagel's parents are Mr. and Mrs. Carl Schoenagel, Greentown.

At a recent meeting of the Auxiliary unit, members voted to conduct a dinner in the school cafeteria on Memorial Day, following the annual observance of that holiday by the American Legion and other organizations of the area.

The unit also heard a report on Haiti by Mrs. Willard Newcomer, unit Pan-American chairman.

The American Legion post will conduct its usual Memorial Day exercises with services at the school following an 11 a. m. parade. Organizations interested in participating in the parade are asked to contact William Banks, commander of the post.

The post's plan for rebuilding its home, destroyed in the August flood, are progressing. Initial excavation for the structure has been completed and a well is being drilled on the property.

## Marshall's Creek Dealer Wins \$10,000 Carrier Air Award

TED KIRK of the Lawton-Huffman Co., Marshall's Creek has won a \$10,000 award as a dealer for the Carrier Air Conditioning Co.

The company's public relations department announced yesterday that Kirk has been selected as the Eastern Region winner in a contest conducted by the firm. Three similar prizes were awarded in other parts of the country.

Dealers participating in the contest were to fill out a card with each unit sold. The winners were to receive \$5,000 for the winning cards, and an additional \$5,000 each if they installed the unit whose serial number corresponded with that on the card.

Kirk won with a card bearing the number of a unit he installed at Penn-Hills Lodge, the public relations office said. That unit will be given to the resort free of charge, through the cooperation of Kirk, the company added.

Frank Kerr, East Stroudsburg, was elected vice chairman of the American Dental Suppliers Association at the meeting of Eastern dealers held at the Hotel Shoreham, in Washington, D. C. this past week. Kerr, who is part owner of the Easton Dental Supply Co., Easton, served as secretary of the association last year.

A new wholesale business, marketing a "distinctive and quality line of paper products," launched full scale operations in this area this week.

It's the Laesser Paper & Supply Co., owned and operated by Mr. and Mrs. Edward H. Laesser, 431 Oakwood Ave., Stroudsburg.

The new firm, which caters to resorts, industries, institutions, camps and service stations, is located in a new building at 570 N. Courtland St., East Stroudsburg.

Its central location, near Milford Crossing, will facilitate prompt delivery service to all segments of the area. Mr. Laesser pointed out.

The new building, which is 40-feet wide and 75 feet deep, houses both a showroom and huge stock area. Ample parking space is available both in front and alongside the structure.

Mr. Laesser has 15 years experience in this type of business; he was formerly associated with Stroudsburg Glass Co.

Assisting him will be Mrs. Laesser, who will handle all office and showroom work, and Howard P. Chester, 726 Main St., Stroudsburg, who will be in charge of sales.

Mr. Chester for 37 years was associated with National Biscuit Company.

Named Man of the Month by the Union Mutual Life Insurance Company of Portland, Maine, is Frank J. Gochal, district representative, of Bartonsville. Gochal's production during the past month has earned him the position of leadership in this 108 years old life insurance company. He served as a member of the U. S. Air Corps for three and one-half years and is a member of the American Legion.

You will be performing an important service to your community—and your business—by taking the lead in formation of your local Safe Driver League.

As a B. F. Goodrich retailer, you will be carrying out at the local level the program that has been launched by B. F. Goodrich executives on the national level. As you probably know, Mr. William S. Richardson, the president of the company, is serving as a member of President Eisenhower's Highway Safety Committee.

B. F. Goodrich's contribution to Highway Safety is the establishment of a Safe Driver League, which will be announced through national advertising on Monday, April 23. The nation's communications media—press, radio and television—has pledged wholehearted support to the President's Committee for Traffic Safety.

Savings of millions of dollars for the American motorist are possible through a three-grade system of marketing gasoline, Stanley C. Hope, Esso Standard Oil Company president declared today.

Esso Standard, he announced, will introduce such a system.

Beginning June 20, he disclosed that the company will market three brands of gasoline—regular, premium and a new still higher quality motor fuel for automobiles with high-compression engines.

According to Mr. Hope, the new power fuel should be available to 75 per cent of the company's customers by mid-August.

In announcing the higher quality motor fuel, the company moved about four years ahead of schedule. The new gasoline contains power-producing elements of an advanced motor fuel that was originally scheduled for production by Esso in 1960.

"Motorists are demanding cars with better performance," Mr. Hope explained, "and to deliver performance most efficiently, automobile manufacturers have increased compression ratios. These higher ratios demand a higher grade of fuel. Our new gasoline is designed to meet that need."

## Pen Argyl To Fill Two Park Posts

PEN ARGYL — Pen Argyl Chapter of the American Red Cross announced in its final report a total of \$1,154.75 which is roughly 80 per cent of its tentative goal. Clarence Farleigh chairman of the Industrial and Special Groups Divisions, announced a total of \$261.50; Arthur Albert, chairman of the Merchandise and Professional Divisions reported a total of \$200. The Pen Argyl Joint Area School Teachers contributed \$31 and the house - to - house canvass method \$602.25.

The division captains were Mrs. Leo Weiss, Mrs. Ward Adams, Mrs. Woodrow Wilson, Mrs. Allen Jackson, Mrs. Harold Albert, Mrs. Anglo Roberts, Mrs. Frank Fiorot, Mrs. Wilson Kneebone and Miss Vilma Bontheims.

The Pen Argyl Chapter expressed satisfaction with the campaign results in view of the fact the community had been a generous contributor to flood relief last August. On a per capita basis, according to the Easton Chapter, Pen Argyl was one of the largest contributors in the state.

The local chapter took under consideration the possibility of starting a family blood bank. Under this plan, each family would need contribute only one pint of blood per year, but in that year each participating family would be entitled to an unlimited supply of blood.

The chapter would like to sound out sentiment among the townspeople to the plan and would appreciate any comments, which may be mailed to the Red Cross office on Lobb Ave., Pen Argyl.

Introducing Lever Brothers' new non-dairy spread for bread!

**Imperial**

Keep in refrigerator to protect perfect flavor

**THE FIRST MARGARINE UNCONDITIONALLY GUARANTEED TO TASTE LIKE THE HIGH-PRICED SPREAD!**

All you need to do is try it *once!* You can *taste* that Imperial is a completely new kind of margarine... a product so superior that it carries a guarantee never before made in all of margarine history. But then, there's never been a margarine like it! Imperial is the first margarine *unconditionally guaranteed* to bring you the tantalizing flavor formerly found only in the expensive spread for bread.

## Imperial's Got That Flavor

Flavor is what's been missing in margarine. And flavor is what Lever Brothers devoted *seven years* to achieve... seven years of testing formula after formula to bring you the incomparable *flavor* of the expensive spread for bread. It wasn't hard to make Imperial *spread smoother* and easier than any other margarine. And it wasn't hard to make Imperial as *nutritious* as even the most expensive spread you can buy. The trick was flavor. And Imperial is the first margarine to capture and *hold* that unmistakable flavor everybody loves.

## Tastes Like the High-Priced Spread

We know you may find it hard to believe that a margarine could live up to all we claim for Imperial. So, we want you to give Imperial the toughest tests you

know. Spread Imperial on bread or toast...use it for seasoning vegetables...plop a generous chunk of Imperial in your frying pan and set it sizzling with eggs for your fussy husband. *Any* way, and *every* way, new Imperial tastes like the high-priced spread.

## Aroma to Match That Flavor

Imperial's superiority shows itself in many ways—as a matter of fact—in *every* way you use it. For instance, when you fry with Imperial, just lean over and sniff its sweet, fresh goodness. Imperial smells so good it makes you hungry just watching it melt. Hot or cold, in your frying pan, or spread on bread, Imperial is the one margarine you'll never have to make excuses for—no matter how fussy the company.

## You Agree, or We Return Your Money!

Try Imperial and see. Remember—when you take home a pound of Imperial, you're not buying, you're just trying. Because Lever Brothers *unconditionally guarantees* Imperial will taste like the high-priced spread to *you*, or they'll return every penny you spent to try it.

P.S. Like the high-priced spread, Imperial is delicate and perishable. So to protect its perfect flavor, always keep Imperial in your refrigerator!

IMPERIAL'S GOT THAT FLAVOR!

SERVING RED CROSS and representing the hundreds more who also serve the local chapter at the speaker's table at the annual meeting last night were left to right: William Wells, chairman of the drive in Stroud Township which had biggest percentage gain; drive chairman, Clifford Cramer; Mrs. John Gish, Judge Fred W. Davis; Harry Sheier, speaker, of Allentown, Charles S. Bensinger, chapel chairman; Mrs. Fred Davis; John Gish, first president of the local chapter organized May 10, 1917; Mrs. Sarah Dietrick, national representative; and Mrs. Ida Kunkle, executive secretary of the local chapter.

## Red Cross Drive Finishes \$2,200 Over Official Quota

ONE of the largest attended annual meetings of the Monroe County Chapter of the American Red Cross last night featured the final results of the annual campaign for members and funds which triumphantly topped its quota of \$19,290 and now totals \$21,490.

Other causes for celebration were also outlined at the meeting when the service of volunteers was recognized and officers were elected for the year ahead.

Starting off the enthusiasm was the report of drive chairman, Clifford Cramer showing that nine districts had not only reached but surpassed their quotas in the recent drive including Stroudsburg, East Stroudsburg, Barrett, Coalinga, Delaware Water Gap, Hamilton, Mount Pocono, Price and Stroud. Stroud Township had the greatest percentage over its quota of all the districts and William Wells, Stroud chairman, was recognized for the work of his district.

Charles Bensinger, chapter chairman, spoke briefly of the chapter's role during the flood disaster, pointing out that never had so many people worked together so well, praising the work of the fire departments, the civil defense, and the churches all working together in the common emergency.

Praise for the Monroe Chapter, both in the disaster and in the drive, came from Attorney Harry Schreier, of Allentown, who has served both National Red Cross and the Allentown chapter in many capacities.

"That the work of the Red Cross is a continuing program,"

he said, "is due to those Red Cross workers who are optimists and willing to carry on despite lack of public interest, the lack of the immediate crises such as war or disaster, and despite criticism."

Criticism is the burden which every welfare organization must bear, he said, but such criticism is not based on a criticism of the whole program but of individuals within the program. No organization is more perfect than the men who are in it, he said, but the program of Red Cross is solid.

Now celebrating its 75th anniversary, Red Cross had its inception in a sense of outrage of the needless suffering on the battlefield, he said, sparked by the Swiss, promoted in this country by Clara Barton during the Civil War, gaining its stride during World War One, and its full stature in World War Two, and uniting in fellowship those who share a common desire to accomplish something that needs to be done.

Following Schreier's talk, officers were elected for the coming year, with Charles Bensinger re-elected as chapter chairman; William Wells, Russell Harmon and Carol Secor, vice chairmen; Walter Dreher, treasurer; and Jeanette Batory, secretary.

Directors elected for three year terms were: William Hawn, Francis Shinn, Richard Altemose, Arlington Williams, Mrs. William Roulette, Mrs. Homer Shupp, Marshall Reese and Paul Delaria.

LeRoy Mikels presented the report of the nominating committee.

## Volunteers Honored For Long Service

RECOGNITION of volunteers in the Monroe County Chapter of the American Red Cross marked the annual dinner meeting of the chapter held at the YMCA last night with about 150 persons in attendance.

Mrs. Claire Coleman, chairman of nurses aids, presented certificates to the following women: Marion J. Jones, Olive Shiffer, Nina Tucker, Bessie Singer, Ruth Long, Blanche Trach, Gladys Dailey, Laura Brewer, Ella Mae Smith, and Mary Grace.

Mrs. Charles Mott, chairman of Gray Ladies, in the first public recognition of their service of almost six years, announced that during that time they had given 30,000 hours of volunteer service to the hospital and blood bank.

### Four Years

Earning their four-year chevrons, and many of them an added five-year pin were: Mrs. Walter Angle, Mrs. Douglas Barbright, Mrs. Kenneth Carlton, Mrs. Charles Cincotta, Mrs. Sidney Cohen, Mrs. Claire Coleman, Mrs. Mary Cottle, Mrs. Spencer Cramer, Mrs. Charles Dean, Mrs. Walter Dreher, Mrs.

Arthur Frey, Mrs. James Gavin, Mrs. Helen Glennon, Mrs. George Hauser, Mrs. William Hawn, Mrs. Harold Ingraham, Mrs. M. R. Kiefer, Mrs. Miriam Mareks, Mrs. William Levering, Mrs. Emerson Mcnichol, Mrs. Louis Mansbach, Mrs. Olaf Pedersen, Mrs. Evan Reese, Mrs. Frank Reisswig, Mrs. George Rung, Mrs. Sumar Schwartz, Mrs. Gerald Shanley, Mrs. John Stanford, Mrs. Jere Stofflet, Mrs. Blanche Trach, Mrs. Theodore Viechnicki, and Mrs. Walter Schlough and Mrs. Mott, herself.

Recognized with one-year certificates were newer recruits to the program: Mrs. Rosamonde Anderson, Mrs. Kathleen Auger, Mrs. Ruth Barrow, Mrs. Martha Blaker, Mrs. Ruth Crowley, Mrs. Rosalie Duss, Mrs. Helen Donaldson, Mrs. Jean Duckkoe, Mrs. Frances Farrell, Mrs. Marian Harlacher, Mrs. Elizabeth Harmon, Mrs. Sarah Heckman, Mrs. Mabel Henry, Mrs. Lois Hughes, Mrs. Rose Kennedy, Mrs. Hilda LaBar, Mrs. Bess Palmer, Mrs. Elizabeth Patterson, Mrs. Josephine Possinger, Mrs. Elizabeth Stevenson, Mrs. Alice Sut-

# Cadillac

## Spring Tonic That Lasts All Year!

His heart is light and his eyes are bright this morning—for he's greeting the spring at the wheel of a 1956 Cadillac.

Springtime comes and springtime goes, of course—but the thrill of his Cadillac will go on and on—month after month and year after year.

And what a thrill it is!

First, there's the sheer satisfaction of owning the "Standard of the World"—the undisputed leader in all that makes a motor car a joy to possess and to utilize.

Then there's the thrill of *driving it*—with

its wonderfully smooth, quiet, powerful engine—its easy, positive steering—and its big, soft, authoritative brakes.

There is the contentment that comes with Cadillac's amazing *economy*.

The first cost of a Cadillac is surprisingly modest—upkeep, over the years, is unbelievably low—and operating costs rival those of any car in the land.

And now, in all modesty, may we speak of one other satisfaction he enjoys as a Cadillac owner?

We believe that, throughout the years of

his ownership, he will be as pleased with us, as his dealer, as he is with the wonderful car itself. It is our constant endeavor to treat our customers as they are entitled to be treated as owners of the world's most distinguished car.

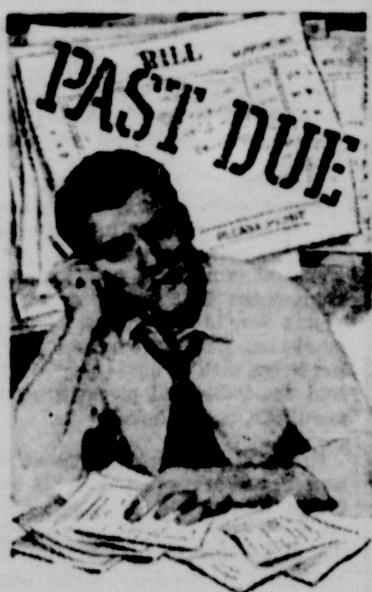

Why not come in some day quite soon—take a demonstration drive at the wheel—and arrange to greet the spring in a Cadillac of your own?

We think you'll be delighted to learn how much your present car is worth in trade—and to find how quickly you can obtain delivery on the Cadillac of your choice.

## Joan Fuls Is Bride Of S. S. Kessler

Miss Joan Fuls, daughter of Mr. and Mrs. Dean M. Fuls, of Stroudsburg RD 1, formerly of Stockertown, was married on Saturday, April 28, at 4 p. m. in the Forks Salem Union Church to Sherwood Steward Kessler, son of Mr. and Mrs. Walter Q. Kessler, of Nazareth RD 3.

Dr. Floyd R. Shaffer officiated assisted by Rev. Orion A. Eichner.

The bride, given in marriage by her father, wore a white gown of petit point lace over tulle with a scalloped bateau neckline, short puffed sleeves, matching gaiters and a basque bodice. She carried a heart-shaped bouquet of white carnations and stephanotis with a white orchid.

Miss Doris D. Fuls, of Nazareth, a cousin of the bride was maid of honor. She wore a baby blue ballerina length gown of nylon lace and net over tulle and carried a blue and white heart-shaped bouquet of carnations.

The bridesmaids, Miss Dorothy H. Matyas of Stockertown; Miss Carole Feldman of Nazareth, and the junior bridesmaid, Miss Deanna M. Fuls, of Stroudsburg, RD 1, a sister of the bride, all wore gowns identical to the maid-of-honor's. They carried pink and blue heart-shaped bouquets of carnations.

Miss Terry Mackes of Nazareth, daughter of Mr. and Mrs. Harold Mackes, was flower girl. She wore a baby blue full length gown of nylon net over tulle, and a full ruffled skirt with scattered flowers and carried a blue and white basket of assorted flowers. David C. Fuls, brother of the bride, was ring-bearer.

Eugene Schipps of Mount Bethel, was best man, with James Ferraro of Stockertown, James Metzgar, a cousin of the bridegroom, of Stockertown as ushers and Bruce Burley of Tatamy, a cousin of the bridegroom, as junior usher.

Carl Fry was organist and William Metzgar was soloist. Both are of Stockertown.

Harry Lichtenwalder was organist at the reception held at the Blue Valley Farm Show Building.

After a honeymoon in the Poconos, Mr. and Mrs. Kessler will make their home in Kesslersville RD 3, Nazareth.

They are both graduates of Nazareth High School. The bride attended Churchman's Business College and the American Institute of Banking. She is employed by the Nazareth National Bank and Trust Co. The bridegroom is the proprietor of Kessler's Choice Beef and is employed by his father on Kessler Farms.

## Fidelia Class Entertains Girl Scouts

The Fidelia Class of St. John's Lutheran Church entertained the Girl Scouts of Troop 38, at a covered dish supper, Monday night. Troop leaders, Mrs. George Stout, Mrs. Emil Weber and Mrs. William Wyckoff, presented awards to the following scouts:

Seven-year pins: Carol Wilhoite, Suzanne Coleman; six-year pin: Judy Rupert; four-year pins: Bonnie Sanders, Suzanne Weber; three-year pins: Beverly Feeler, Phyllis Munson, Sylvia Smith, Elizabeth Stout, Sylvia Yock, Florence Wolbert, Gretchen Wyckoff; two-year pins: Maryann Benson, Melissa Cramer, Sandra Radler, Donna Edinger; five-year pin: Judith Bush. Mrs. Mildred Munson, Scout Leader, also witnessed the ceremonies.

Mrs. Margaret Stabenow, assisted by Mrs. Mildred Knepp, was in charge of arrangements. After the supper a brief business meeting was held, conducted by the president, Miss Thelma Shaw. The following communion committee was appointed: Mildred Miller, Mildred Knepp, Goldie Marsh, Mary Meixell, Thelma Shaw.

A motion was made to donate \$25 to the Muhlenberg Memorial Fund. The following members of the class attended: Natalie Stackhouse, Sadie Lyons, Cora Green, teacher; Sarah Price, Mary Hamlen, Margaret Stabenow, Mildred Knepp, Mildred Miller, Mildred Renninger, Dorothy Rupert, Margie Barnes, Ethel Myer, Lilyan Buck, LaDora Bolear, Mrs. Roy Haydt, guest.

Last month's hostesses were Mary Hamlen and Sarah Price.

## Garden Club Board Discusses Flowers, Show

Members of the Monroe County Garden Club's executive board had a spring preview of flowers and made further plans for a Craft and Hobby Show at their meeting held yesterday afternoon at the Stroudsburg Presbyterian Church with Mrs. William Hannas presiding. Mrs. William Sunday and Mrs. Edgar Van Why presented the minutes and treasurer's report.

Mrs. Howard W. Ayles, Stroudsburg and Mrs. Howard T. Whitney, Mount Pocono were accepted as new members.

Mrs. A. S. Phelps exhibited two flowers: a Japonica America and a Ocarne Bells which are found in ravines or along streams and trails in the Piedmont and Blue Ridge Mountains of North and South Carolina. She also listed flowers suitable for copper containers: day lilies, gladiolus lilies, nasturtiums, zinnias.

A warning against the approach of tent caterpillar time was accompanied by the announcement of a new type of spray gun which will shoot bug killing spray as far as 25 feet in a tree. Another method is to use an oily cloth on the end of a stick, she said.

An invitation was issued the members to attend a flower show in Emmaus, "Tiptoe Through the Tulips" to be held Tuesday and Wednesday, May 8 and 9, at the Ows Home, Main St., Emmaus.

Members planning to have exhibits in the local craft and hobby show were asked to call either Mrs. William Hannas, Mrs. A. S. Phelps or Mrs. Paul Fetherman.

## Farewell Party For The Staceys

Delaware Water Gap—An impromptu party brought together on Tuesday night 35 friends from the Water Gap Presbyterian Church gathered at the firehall at 6 p. m., to hold a covered dish supper as a farewell tribute to Mr. and Mrs. James Stacey and children, Wendy, Charles and Philip Stacey, who left Wednesday for their new home in Oklahoma.

Among families represented were the M. E. Lefflers, H. J. LaBarr, Elmer Grays, Clifford Hauers, H. B. Crossdale, Herbert Bakers, Francis Drakes, George Hauers, Guyton Kempters, Miss Margaret Pearce, of Stroudsburg; Miss Nellie Burd, Hale Andrews.

A tasty meal was prepared on short notice. A good wish speech was given by Rev. Luther Markin. The Staceys will drive to their new home.

## Just Between Us

—By Bobby Westbrook

I'm glad the weather was dry enough so those Red Cross uniforms stayed fresh and crisp for the Red Cross meeting last night; but literally hundreds of people are grateful that the dispositions of Gray Ladies and Nurses Aids stay fresh and crisp, come rain or come heat wave, summer and winter, busy days and doldrums.

Worse sometimes than the physical symptoms of illness are the accompanying emotional aches—the worry and loneliness and sense of being left behind by the world. It is to those aches that the Gray Ladies minister.

Nurses are wonderful, most of them, but they are busy people and they can't afford to be spend-thrift of their sympathy. But Gray Ladies and Nurses Aids for one morning, and for one afternoon, one night a week can give not only sympathy but attention and understanding and just plain time and be the richer for it.

It was pleasant to see their work recognized last night, but actually I know of few groups of volunteers who demand less recognition. They seem to feel that they are repaid for the hours of service, the inconvenience of doubling up housework on hospital day, and the constant routine by their own knowledge that their work has been of value.

Work for the joy of working has come into disrepute among the cynical but there are still people who get their greatest satisfaction in knowing that they do their work well, and that it is work worth doing—and Red Cross volunteers are a shining example.

## Ever-Welcome Class Bake Sale To Be Held Today

The Ever-Welcome Sunday School Class of Hamilton Square made plans for a bake sale to be held today at Wyckoff's Store beginning at 11 a. m. Each member was asked to bake and have their contributions ready to pick up by 10 a. m. on Friday morning by the three pick-up committee members: M'Liss Smith, Dorothy Lessig, and Ada Hansen.

At the meeting held at the home of Ada Hansen, plans were also made for a penny supper to be held at Ada Hansen's Ever Green Farm on June 9. The class donated \$25 to the Faithful Workers Class of Christ Hamilton church to help with the purchase of altar cloths.

Dorothy Lessig, president opened the meeting and devotions were led by Edith Young and Gwendie Hahn. After the meeting, games were played with prizes to Dorothy Lessig and Helen Kemmerer. Refreshments were served by Mrs. Hansen, with Minnie Hoffman assisting to M'Liss Smith, Evelyn Smith, Edith Young, Elsie Shaffer, Dawn Bergstresser, Gwendie Hahn, Dorothy Lessig and Helen Kemmerer, with Janice Bergstresser and Louise Lessig as guests.

## Everitt Class Sees Film On Mexican Trip

A brief business meeting of the A. F. Everitt Class of St. John's Evangelical Lutheran Church School was held at the social rooms of the school Wednesday night with 35 members and guests in attendance. Miss Frances S. Everitt, the president, was in charge.

The following were honored on their birthdays: Mrs. Evelyn Clugston, Mrs. Sadie Dennis, Mrs. Lulu Kinsley and Misses Charlotte Shupp and Dorothy Goedecke.

The communion committee for Whitsunday, May 20, is composed of Mrs. Estelle Fetherman, Mrs. Jean Kautter, Mrs. Ruth Widmer, Mrs. Cecelia Hagerty.

Hostesses for the June meeting of the class will be Mrs. Edna Bush, Mrs. Hazel Robinson and Misses Goedecke and Frances S. Everitt.

After the business meeting a film on Mexico was shown by Mrs. Dorothy Kitzman and Mrs. Edna Brockman with comment by Mrs. Brockman and Mrs. Cora Albertson who recently were on a trip to Mexico with the Wyckoff party. They also had on display many things they brought back with them including pictures. The business meeting was brought to a close by prayer by the pastor, the Rev. Dr. P. N. Wohlsein.

Refreshments were served from a decorated table by the hostesses, Mrs. Kautter, Mrs. Widmer, Mrs. Fetherman, Mrs. Mary Altomero, Anna K. Mixell, and Charlotte Shupp.

**THE Wyckoff SHOPPER**

How much would YOU imagine is being spent across our nation this year in Mother's Day gifts? According to a United Press report used on our Wyckoff Shopper program of the other morning, it is estimated that children will spend 100 million 960-thousand dollars to tell Mom how much they love her, come Sunday, May 13th.

This sum represents some 3,000,000 dollars more than last year... which does not necessarily indicate that Mom is more beloved in 1956 than in 1955... merely that youngsters are drawing larger allowances. Furthermore it is the 16 through 19 year old group that will do the heaviest spending, according to United Press. Their gifts will average 4.35 each. Children six and seven years old average 85 cents when making their gift selections. With this in mind, and a gentle prodding from Holt Wyckoff who keeps urging, "Let's talk about Mother", I haunted a few of our departments yesterday and came up with some ideas, ranging in price from a few cents up to an approximate \$500.

In the cosmetic department, for instance, I found some delightfully fragrant and colorfully attractive bottles of bath salts at 1.50 plus tax. One jar contains these scented salts in a glorious shade of rose—another in light green—and so on. Any one of them would raise the spirits of the most weary mother, I'm sure, and make her feel gloriously bewitching. In the nearby accessories department there are any number of corsages, scarfs and handkerchiefs for 1.00 and upward, as well as a wide assortment of summer bags for as little as 2.98. Gloves and hosiery fit neatly into the same conservative price range, and—as Holt points out—"Stockings have never been so varied before. They are stretch knit, seamless, mesh, run-resistant, and finer than ever." He's right, of course, and almost any woman feels that she never can get too many pairs, because even the most durable stocking is all too short-lived.

For a child pressed by the need for economy, there's jewelry—that snowy, dazzling white jewelry some of which is sparked with rhinestones that is selling at two pieces for 1.00 plus tax. A really handsome pair of earrings and a necklace would cost only 1.13— and the individual pieces are only about 89c, tax included.

In the stationery department the new Paper Mate pen with its own Piggy Back refill is a charming Mother's Day thought. Outwardly the pen looks just as before, except that the colors seem more entrancing. Select from red, gray, black, and a positively scrumptious light blue. In any case, you have the same Piggy Back refill... a refill that has an extra point, so that when the original wears down, another is ready to take its place. The manufacturer of THIS ball point pen is really on the ball, and no mistake! The price? A lowly 1.95.

Our candy department is also overflowing with Mother's Day gift ideas. There are tasty Unox hams from Holland, all ready to serve—a grand thought for Mom's day of rest. The flavor is superb, the idea magnificent, the price thrifty—1.29 and 2.29 for the one and two pound sizes, respectively. Does she like cocoa that's especially rich and refreshing? A prettily packaged Droste cocoa, also from Holland, is only 79c... and does it go with that ham? And if mother likes sweets, we've an attractive assortment of cellophane-wrapped hard candies in an old-fashioned bean pot that combines clear plastic and a plastic painted wrought-iron black. This gift, that could be used when empty as a planter, costs only 1.98.

Then, at 89c, our Sears record department has some favorites for the music loving mom. After all, every Mom should like POP.

**STROUDSBURG** Rotary scored another touchdown the other day when they forwarded a \$1000 check to the Stroudsburg Little League to help defray part of the expenses to cleanup the little ones' park.

It was the third TD tallied by the local Rotary organization in less than a month. Not too long ago the civic-minded group planked down \$1000 checks to each of the Stroudsburg and East Stroudsburg playgrounds for "mopup" work.

Certainly no layman's group can claim quicker action to help the youth of our communities. It certainly is gratifying to see such response on the part of an organization within the area for those underlings in the vicinity.

The monies the Rotary gave came from a fund that has been built up by contributions from all parts of the world. Checks to Stroudsburg Rotary came from Australia, Britain and other far-away places. However, a big bulk of the donations were acquired from persons in the good old U. S. A.

The cash forwarded to the local Rotarians was for use—as they see fit—to projects damaged by last August's flood.

The Stroudsburg Rotary couldn't have picked better groups to aid in the month of April and May. With the summer months upon us and picnics and outside play a part or normal every-day life, we feel sure the Eastburg and Stroudsburg playground officials and Little League heads will be indebted a lifetime to the Rotarians all over the world for its generous act in the Stroudsburgs.

Officers of the local Rotary are Joseph Small, president; Ted Hoffman, first vice president; Dr. William Towse, secretary, and John Wilson, treasurer.

Charley (Bud) Rotzell, the State Belt resident, who made more than good in organized ball, will part with some of his vastly acquired knowledge to youngsters making up the roster of the Bangor Bi-State League entry.

Rotzell, who will manage the Bangor team during the 1956 campaign, is a veteran of play in the Texas, Florida-International, Sally League, while a member of the St. Louis Cards, Pittsburgh Pirates and Brooklyn Dodgers farm systems.

Last year Rotzell was one of the big guns for Chet Huber's Talamy Indians in the Blue Mountain League.

Bangor High's baseball fortunes might be a bit low at the present time but it is no fault of Coach J. L. Williams Sr., offspring of J. L. Jr.

The Slater third sacker is having a fine year at the bat for the Maroon, getting more than his share of hits and fielding in better than an adequate manner.

**Marty Dady, the Bethlehem sports announcer, is reported headed for a new job with a beverage company.**

According to a well-informed mouth, Dady will replace Gene Hartzell, the umpire who worked games in this area for many years.

Hartzell, incidentally, told the salesman post to be his own boss. He recently opened a grill in Nazareth, catering to the sporting trade.

**Marty Baldwin, the director of the Eastern Pennsylvania Coaches Clinic held annually at East Stroudsburg State Teachers College, has come up with another gem for his June classic.**

# Stroudsburg, Eastburg Ball Teams In Action Today

## Cavaliers Face Blue Eagles Away

**EAST** Stroudsburg High School will seek its first victory of the season today with a line-up riddled by the absence of two regulars. The Cavaliers will meet Nazareth High on a Lehigh-Northampton League tilt, starting at 3:30 p. m. Head Coach Jack Kist announced last night that first-stringers Danny Marvin and Bob Stine were benched for scholastic difficulties.

Stine, a catcher will be replaced behind the plate by Harry Miller, while Frank Lupin, hitherto an outfielder, will spell Marvin at first. Roger Ray will take over Lupin's berth in right field.

The Cavaliers will rely on the left arm of Curt Hickman in today's clash with the Blue Eagles. Hickman, a junior, has been picking up momentum since the season got under way.

After an opening game loss to Hellertown, the portside held the current Lehigh-Northampton League leaders, Parkland, in check in a contest that was called with the score tied at 4-4.

Kist announced that the practically same lineup that started the Parkland tilt will open action against Nazareth today.

**Probable Lineup**  
Catching Hickman's slants will be Miller. In the infield will be Frank Lupin at first base; Bob Kassner, second base; Captain Dick Gray, shortstop; and the hard-hitting Gene Plaza at third.

The outfield will be composed of the veteran Tom Michaels in center, flanked by Roger Ray in right and Helmut Gartner in left.

## Adele's Grabs Mountaineers Bowling Title

**MOUNTAINHOME**—Adele Mulrooney's Handwoven Fabrics won the championship of the Mountaineer Ladies Bowling League by besting Lake Harbor in a roll-off here.

The four-team league consisting of ladies from the Newfoundland area bowls at the Barrett Bowling Center here.

Adele posted a winning score of 1574 in its match with Lake Harbor. Individual high for the winners was Helen Feigel with 146, while Captain Fran Van Buskirk took match laurels with 375.

**First Half Champs**

Lake Harbor, winners of the first half crown, totalled 1588. Their high was Wynn Gangwere with a 145 single and 324 total.

Adele's rang up games of 534, 582 and 538, while the Lakers had scores of 496, 549 and 543.

## Cardinals Trade LaPalme To Reds

**ST. LOUIS, May 3 (AP)**—Left-hander Paul LaPalme, pounded hard in his only appearance this season, was traded by the St. Louis Cardinals to Cincinnati yesterday for a Pacific Coast League second baseman.

The Cardinals receive 25-year-old Milton Smith, a Negro who was hitting .447 in his first 12 games with Seattle this season. Smith will remain at Seattle under option from the Cardinals.

four years is just a little less than phenomenal. The Wilkes-Barre grid boss has hung up a 40-win, one-loss log over the span.

Richards will replace Sammy Donato, West Scranton High coach, who was forced to bypass the clinic because of other commitments.

**Defenseman Bill Gadsby** is the first New York Ranger in 14 years to make the National Hockey League all-star team.

## Heavyweight Fight Picture Seen Cloudy

**By WHITNEY MARTIN**  
**NEW YORK, May 3 (AP)**—Any day now the International Boxing Club is expecting a telegram reading, "Have gloves; will fight."

Since Rocky Marciano's abrupt retirement as heavyweight champion the steps leading to the vacant throne suddenly are crowded with guys who think they belong up there. Some of them are even anxious to prove it.

Archie Moore, Floyd Patterson, Hurricane Jackson, Bob Baker and Johnny Holman are just a few of the so-called name fighters who are eyeing the top spot with varying degrees of optimism, but there are others who want in the act, possibly figuring they qualify. They have the weight.

From Oakland, Calif., Jim Norris received an urgent wire signed by two men, possibly managers. They didn't just ask that a fellow named Tiger Ed Doglio be considered for any elimination tournament which might be held; they entered a claim for the title for him, adding that he is undefeated.

**Vail Gingles Minton**  
Two other men, identifying themselves as co-managers, didn't go quite so far. They only asked that one Vail Gingles Minton be

included in an elimination tournament, pointing out that he had had 32 fights, mostly in the Southwest and Cuba, and had won 23 by knockouts and 7 by decision.

Minton, they add, fights out of Westfield, N. Y., weighs in at 209 pounds, and is ready to take on all comers. The only stipulation is that the fighter be allowed two weeks to get into condition. Inasmuch as Marciano took months to get ready for a fight, two weeks would seem to be cutting it a little fine, unless Minton needs only a haircut and shave to be ready.

Inasmuch as neither Doglio nor Minton is listed in the record book, there is a suspicion that the messages in their behalf are just gags, and to date the IBC has shown no inclination to hand Doglio the championship as requested.

**Not Like Old Days**  
In fact, the IBC isn't handing out any championships, and Marciano has nothing to say about his successor, as was the privilege of Jim Jeffries when he retired in 1908. He just pointed to Marvin Hart and Jack Root and said in effect, "Let's you and him fight," and that was that.

Even Lippy Beidbart, who manages the unpredictable Jackson, admitted his man was ready to fight for the vacant championship, and just as we were ready to congratulate him on having such an open mind on the matter he added brightly:

"Sure, when the others get through eliminating each other we'll fight the winner for the title." Really sporting of him.

It will be a long, long time before an authentic new champion is crowned, and for that reason it may be too late for Moore.

**Would Pick Moore**  
If a tournament were to be held right now, and run through very quickly, we'd pick Moore to come out on top, as he stands out above the others. It is notable that neither Patterson nor Jackson, the two most prominently mentioned, have met the venerable Archie, and we have an idea they want no part of him until time has taken its toll.

Baker and Holman will beat the gun on any tournament by doing a little personal eliminating when they meet May 9 in Miami. This match was made before Marciano retired, so it loomed as just another heavyweight fight then. Now it has at least a semblance of importance.

THEY'LL REPRESENT U. S. In Olympic Gymnastics — Winners of individual events at the U. S. Olympic finals at the University Park, Pa., these gymnasts will represent the U. S. in Australia. Front from left are Muriel Davis, Indianapolis; Jackie Klein, Chicago; Doris Fuchs, Rochester, N. Y.; Judie Hult Howe, Rochester, Pa.; Joyce Raycek, Chicago; and Sandra Rudick, Indianapolis. Standing from left are Armando Vega, Penn State; Joe Kotys, Cleveland; Abis Grossfield, University of Illinois; Dick Beckner, Los Angeles; Karl Schwenzler, Penn State; and Jack Beckner, Los Angeles.

## Chi-Sox's Marion Facing Test Year In 2nd Season

**By Frank Eck**  
**AP Features Sports Editor**  
**MANAGER MARY MARION** of the Chicago White Sox can name six reasons why the Pale Hose failed to win the American League pennant when they had their chance. He feels the deficiencies of a year ago have been turned into advantages.

Marion is starting his second full year at the helm of a club that has been third the last four seasons. This is his test year. He can look only upward and the only places to go are first or second in the junior circuit.

"We lost Dick Donovan to an appendectomy at a time when his record was 13 and 4. He lost five of his next seven decisions, says Marion.

**Coming Star**  
"Chico Carrasquel hit only 257 for us and his fielding was off. We think we have a coming star in our rookie shortstop, Luis Aparicio.

"Jim Busby hit 243 for us and now we have Larry Doby to play center field. Anytime we could get Doby out we could beat Cleveland, and the Indians were the only ones to beat us in a season series.

"Minnie Minoso had a bad year, for him, hitting only 288 after two great seasons. We believe he and Doby will give us a one-two punch we never had before."

**Come Back**  
Marion also looks for a comeback from Bob Keegan, a 16-game winner in 1954 but a winner of only two games last year when he had a heel spur and a sore arm. He has recovered fully from both, says Marion.

The former Mr. Shortstop of the National League also feels that Joe Dahlke, a 19-game winner at Memphis, will aid his relief staff that includes Sandy Consuegra, Dixie Howell and Morrie Martin.

## Auxiliary To Roll

**THE AMERICAN** Legion Auxiliary Bowling League will roll today at the Pocono Bowling Center, Stroudsburg, starting at 9 p. m. The schedule:

Alleys one and two—Bell Ringers vs. Pixies.  
Alleys three and four — Five Aces vs. Missileers.  
Alleys seven and eight—Woodpeckers vs. Nite Owls.

**Bill Sharrman**, who once had a trial as an outfielder with the Brooklyn Dodgers, led the Boston Celtics in scoring in the National Basketball Assn. last season with 1,434 points in 72 games.

## Various Towns

The game has been played in various Texas towns but last fall it went to San Antonio, which Weafer has established as its permanent headquarters. The game matches a team of Texas boys against a team from another state. Small-fry teams eligible are those playing in after-school programs for orphanages, recreation associations, neighborhood clubs, private and parochial schools, churches and civic groups. The boys must not have reached their fifteenth birthday or attained the weight of 111 pounds on the day of the game. No commercial advertising may be carried on uniforms or in the name of the team.

All revenue from the game goes to crippled children and orphans.

## Nine No-Hitters By Two Hurlers

**NORWICH, May 3 (AP)** — Two Norwich High School pitchers have nine no-hit, no-run games between them in the last two seasons. The latest one came yesterday.

King-sized Charlie Townsend, who's six feet four and weighs 220, blanked Waterbury for his fifth. John Dall, six feet one and 200 pounds, has four no-hitters.

## Stulgaitis' Nine Meets Emmaus Home

**STROUDSBURG** High's rejuvenated nine will be out to make it two straight Lehigh Valley League victories today when they host Emmaus High at Gordon Giffels field. Game time is 3:30 p. m.

Winners over Lehighton by a 6-2 score in their last outing, the Mountaineers hope to use the Green Hornets as stepping stones to brighten things.

Frank (Junior) Radler, a left-hander, will get the call to start on the mound today. Don Stopp will handle the southpaw's slants.

**Same Infield**  
Coach Jerry Stulgaitis plans to go with the same infield that showed up so well in the Lehighton game. On first will be Captain Fran Hasara, Ron (Super) Phillips will be at second, Ron Stopp will handle shortstop, while Barry Tretaway will cover third.

**Outfield Starters**  
In the outer garden, Ron Ejdys will be in left, Doug Nichols in center and John Hallock in right.

Stroudsburg currently is playing just under the .500 mark with a 3-4 record. The Mountaineers log in the LVL is 1-2. Emmaus is 0-2 in circuit play.

## Keystone 4th In Riders In 'Cycle Races'

**READING** — What section of the country is tops in the production of professional motorcycle racers?

The American Motorcycle Association, which yields supervisory powers over Sunday's Billy Huber Memorial motorcycle races at the Reading Fairgrounds says California harbors more race riders than any other state.

In the official riders' directory, published annually by the sport's national governing body, the far west state is listed as the home of 77 Class A riders. Illinois is next in line with 40, and Ohio is third with 35. Pennsylvania is fourth with 30.

The directory carries the names of 835 licensed race riders, 430 of them Class A contestants and the remainder Class B performers. All are eligible to participate in any road race, flat track or tourist trophy race sanctioned by the AMA.

**Flat Track Event**  
The Huber Memorial is classified as a flat track event, and at least 100 of the country's great riders are expected to participate. Both Class A and Class B riders will be on hand since the nine-event card lists events for both classes.

Among the top Class A riders is Paul Goldsmith, St. Clair Shores, Mich., winner of last year's memorial, and co-holder of the national flat track title for American riders.

Sunday's program of events will include time trials, three five-mile heat races for Class A riders, three five-mile heat races for Class B riders, a five-mile final (Billy Huber Memorial) for Class A riders, and a five-mile final for Class B riders.

Action will get under way at 1 o'clock (daylight time) with time trials. First heat race will start 90 minutes later.

**West Virginia University** center fielder Jack Rabbits entered the 1956 season with a three-year college batting average of .341.

## Crucial Tilts In MCL Today

**COACH OTTO MILLS** Chestnuthill High nine will put its leadership in the Monroe County League on the line today when they entertain Harry Werkheiser's Pocono Township High at Brodheadsville. Game time is 2 p. m.

A win by the Tannersville team will send Werkheiser's nine into at least a tie for first place and will drop Chestnuthill into second. Chestnuthill is currently pacing the circuit with a 2-0 record, while Pocono Township trails, along with Poll Township, in second place with 1-0 records.

Polk can get a share of the top spot if it gets by Coolbaugh today at Tobyhanna in a 2 p. m. tilt.

In another game, Barrett Township (0-1) will meet Tobyhanna Township at Pocono Pines in a 2 p. m. affair.

## 9009 Major Players

**NEW YORK (AP)** — Since 1871 a total of 9,009 players have appeared in major league baseball games, says A. S. Barnes & Co., publishers of The Official Encyclopedia of Baseball. Their names, birth date, number of games played and batting or pitching records appear in the revised edition of the book.

## Now A New Concept In Country Clubs

A beautifully equipped club for the white collar worker of moderate income, his family and guests . . . a sportsman's paradise. Something new and truly exciting has been added to gay, happy, wholesome recreation and family enjoyment in this area . . . **THE KITTATINNY COUNTRY CLUB.**

It is a spacious, 175 acre, year-round club with every facility you can think of, and it is YOUR club, to enjoy for an afternoon, a day, a weekend or a week, if you are a member.

It is a perfectly located, superbly equipped Club for the **WHITE COLLAR MAN** in the average income bracket, easily accessible from this area and sufficiently off the beaten track for seclusion. It has hundreds of yards of river frontage. Overlooking are the lovely Pocono Mountains, and facing them across the lawn, the sports fields and guest houses are the purple, wooded Kittatinny. Its next door neighbor is the former Worthington tract, 6000 acres of joyful wilderness recently purchased by the state as a new park.

And it can be YOUR Club; for yourself, your family and guests. What does the Kittatinny Country Club offer?

Apart from its superb location, here are some of the facilities and activities you will find at Kittatinny:

SUMMER—Fishing . . . Golf . . . Putting Green . . . Tennis . . . Baseball . . . Boating . . . Swimming from a safe river beach or from the new pool (floodlighted at night) . . . Horseback riding . . . Sun Bathing . . .

WINTER—Hunting . . . Tobogganing . . . Ice Skating . . . Hiking . . . Riding . . . Many Indoor Activities . . . Bridge Tournaments . . . Private Card Rooms . . .

Dinner Parties . . . Dances . . . "Cozy Corner" Fireplaces for cold-night snuggling after a day in the open air.

**WHAT FACILITIES WILL YOU FIND AT KITTATINNY?**

Everything a good club should have for your complete enjoyment is here. For example . . . A Cabana . . .

# Tough jobs demand a Universal 'Jeep'

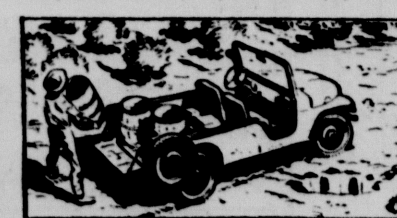

**Traction.** 4-wheel drive gives the extra traction for traveling up steep grades or broken ground. The 'Jeep' is built to stand up and take it in tough usage.

**Mobile power.** With power take-off, the Universal 'Jeep' provides mobile power for operating welders, compressors, generators and many other kinds of specialized equipment.

**Hydraulic lift.** With hydraulic lift, the 4-wheel drive 'Jeep' operates graders, scrapers, post hole diggers and most 3-point hitch implements.

**Now a 'Jeep' with longer wheelbase**—the new model C16-Carries larger, bulkier loads; has all the features that made the 'Jeep' famous.

A 4-Wheel-Drive Universal 'Jeep' takes you to the job, wherever it is—on the road or off! This rugged performer carries men and equipment over the highway in conventional 2-wheel drive. Then, when work calls for travel off the road—through mud, sand or snow, up hill or down—you shift a single lever for the extra traction of 4-wheel drive. With power take-off, or hydraulic lift, the Universal 'Jeep' does an almost endless variety of jobs. To find out what it can do for you, ask for a demonstration.

## Your Horoscope Today

By FRANCIS DRAKE

FOR FRIDAY, MAY 4, 1956

March 21 to April 20 (Aries)—You're on your own to produce your best. Proceed only after you have carefully planned activities. Don't permit coldness or hesitancy to spoil or deteriorate your performance. Check April 21 to May 21 (Taurus)—Ambitions rays shine on you. Be realistic. Peace of mind, concentration, application and modest objectives will help you achieve.

May 22 to June 21 (Gemini)—Care advised in heart and family affairs. Watch that children don't disrupt plans, upset your composure.

June 22 to July 21 (Cancer)—Advice to counsel pertains to you. Be suspicious about over-enthusiasm in others; it smacks of insincerity, pretense.

July 22 to August 23 (Leo)—Watch your own and your employer's interests. Through sincere, directed steps, solidify your position. Be cheerful, cooperative. Personal interests may demand of your attention.

August 24 to September 23 (Virgo)—Some unfriendly spots. Read, analyze, concentrate and cooperate with others. Extra extra care in 8th, 9th, 10th, 11th, 12th houses.

September 24 to October 23 (Libra)—An excellent period for worthwhile endeavor.

## Bloodmobile To Visit Newfoundland

**NEWFOUNDLAND** — Red Cross Bloodmobile will be here for its annual visit on Thursday, May 10, Mrs. A. V. Lupcho, president of the Greene-Dreher Woman's club, has announced.

The unit will set up in the local firehouse between the hours of 12 noon and 6 p.m. to receive donations of blood. The visit is being sponsored by the woman's group.

### Recruitment

Recruitment of donors is being handled by the following committee: Mrs. Robert Baughan, Mrs. Harold Rohrbacker, Mrs. Claude Smith, Mrs. Frank Urdel, Mrs. John Tobey, Mrs. Arthur Rigby, Mrs. Kenneth Simons and Mrs. Dawson Manhart. Prospective donors may contact any member of the committee to make an appointment.

Mrs. Lupcho pointed out that an appointment is helpful to the committee but not a necessity. "Walk-ins" will be welcomed on the day of the visit.

A quota of 125 pints of whole blood has been set for the visit.
